No: CEE/Tech/PLG/EoDB/2024-25/ 694

Date: 19/09/2024

ORDER

As per the Business Reform Action Plan (BRAP), following mandates issued to the Electricity Department under the 'Ease of doing business':

- i. All the external electricity installation works are to be typically carried out by a licensed professional / company having Valid Electrical Contractor License for voltage level equivalent to maximum voltage specified for the project issued by Licensing Board, Government of Goa as per CPWD Manual 2022 which is adopted by Electricity Department, Government of Goa vide circular No. CEE/Accts-Circular/2024-25/504 Dated 25/07/2024, is attached as **Annexure-I**

ii. **Mandate for Inspections:**

The Goa Electricity Department has followed, the Central Electricity Authority issued **Notification No. CEI/I/59/CEA/EI dated 20.09.2010, concerning Rule No. 30** which says Where an Installation is already connected to the supply system of the supplier, every such installation shall be periodically inspected and tested at an interval not exceeding five years either by the Electrical Inspector or the supplier as may be directed by the State Government in this behalf. The Periodic Inspection and testing of installation of voltage above 650 V belonging to the supplier shall also be carried out at an interval not exceeding five years by the Electrical Inspector. Attached as **Annexure-II**
And

Notification No. CEA-PS-16/1/2021-CEI Division dated 08.06.2023, concerning Rule No. 32 for Periodic inspection and testing of installations that the periodic inspection and testing of installation of voltage above the notified voltage belonging to the owner or supplier or consumer, as the case may be, shall be carried out by the Electrical Inspector. Provided that the electrical installation below or equal to the notified voltage shall be self-certified by the owner or supplier or consumer, as the case may be. Provided that the periodicity of electrical inspection and self-certification shall not exceed five years. Attached as **Annexure III**,

And

Notification No. CEI/I/59/CEA/EI dated 20.09.2010, concerning Rule No. 43 is referred for 'Approval by Electrical Inspector' for Voltage above which Electrical installations will be required to be inspected by the Electrical Inspector before commencement of supply or recommencement after shutdown for six months and above and as mentioned further in the said notification. **Annexure-II.**

The Inspection / Completion certificate as per clause 5.17(1 & 2) of CPWD Manual 2022, of compliance of works executed by contractor/company is issued by the Superintending Engineer and as per the powers delegated is attached as Annexure-IV.

(Stephen Fernandes)
Chief Electrical Engineer
