Enter the requested details carefully taking the details from your bill and enter the email ID in which you will receive the login password at least after a maximum of one day wait. And after that you will get a screen displaying message that " your have successfully registered and the password is sent to "your email id" will appear. Check the receipt in your email and if not received check your spam or junk email

as it will surely be sent from the automated system at least within one days time. This screen shot I cannot attach as it can be displayed only after the entry as per the registration requirements.

After you receive the 1<sup>st</sup> password you will be asked to change the password to your requirement and that's all for the login procedure. After login is as mentioned below for one consumer I have selected.

I have only used another consumers login for your view
