CIRCULAR

Subject: Regarding release of New LT Domestic electricity connections with loads upto 5 kW under Ease of Doing Business initiatives. (LTDS-I & LTDS-II Categories)

With reference to the above, the Goa Electricity Department, as part of its Ease of Doing Business initiatives, have simplified the procedure for release of new “Low Tension (LT)” Single Phase electricity connections, with a sanctioned/contracted load up to 5 kW.

Accordingly, with immediate effect, applicants seeking new 1ph LT electricity connections upto 5 kW shall be required:

a. To submit only the following documents:

Sr. No.	Mandatory Documents
i	Proof of Identity
ii	Proof of Ownership/Occupancy of the Premises

b. The submission of test report is not mandatory. The consumer shall, however, be required to submit a self declaration while applying for a new connection (Format enclosed).

c. Upon receipt of the application, the concerned Junior Engineer shall verify the requirement for additional infrastructure if any from the utility end with minimal inconvenience to the consumer, to assess the feasibility for release of the connection and accordingly process application for the estimate/demand note.

The concerned engineer shall check safety requirements such as physical condition of the earthing, MCB capacity and location of the energy meter, at the time of releasing the connection.

The above procedure shall also be applicable for applications received for increase of load up to 5 kW.

The above procedure shall not be applicable for installations having any power generating unit such as Generator, Inverter, Solar roof top unit etc. installed in the system.

This is issued with the approval of the Competent Authority.

(Stephen Fernandes)
Chief Electrical Engineer

Copy to:

1. OSD to the Honorable Minister for Power, Mantralaya, Porvorim.
2. The Chief Secretary, Secretariat, Porvorim.
3. The Secretary, Power, Secretariat, Porvorim.

SELF-DECLARATION

(To be furnished in case no Test Certificate from a Licenced Electrical Contractor is furnished)

I, Shri/Smt./Ms./M/s. _____ an applicant for new connection/increase of load, for a load of _____ kW, do hereby certify that the wiring of my premises, catering to the mentioned load, has been completed in all respects and the works have been carried out conforming to the CEA(Measures relating to safety and Electricity supply Regulations 2010) (as amended till date). I, further certify that the requisite site tests have been carried out, found to be in order and it is electrically safe to operate the apparatus free from danger.

I, hereby indemnify and keep indemnified the Electricity Department or any third party against any loss, damage, claim, liability or consequences that may arise due to non-submission of Wiring Test Certificate from a Licenced Electrical Contractor/Chartered Electrical Safety Engineer for the load applied for by me.
